

## ICT Solutions for Schools and Colleges

**Pyramid Valley** supply and support school computer equipment and IT networks throughout Greater Manchester, Lancashire, Yorkshire and Cheshire. We can provide all your school's ICT needs, installed and configured to your own specification.

**Effective schools need effective IT.** If your school's systems don't run smoothly in the background, but instead cause problems that disrupt lessons, slow down administration, or compromise security, then something is wrong. Continuing problems and underperformance aren't inevitable. Your school deserves better.

### For all your ICT needs

We're involved in all aspects of school ICT, so we understand the full picture. We advise on the best products or services for your school, we install them to meet your particular requirements, make them as easy for you to use as possible, and maintain them effectively.

Working on both routine and development work, we build a thorough knowledge of your school and your needs. You'll find out you can trust us to know what works, how to make it work for you, and how to keep it working.

And because we can look after all your ICT needs, you can spend your time on more important things than coordinating different IT suppliers and maintenance contracts.

### Budget Efficient

We understand the constraints that are put on to Schools budgets. We will work with you to ensure you extract the maximum value out of your ICT budget. Guiding you through the complex world of ICT equipment, and allowing you to draw on our vast experience of what works and what does not work well in a school environment.

### Installation Services

We can provide you with a comprehensive installation service, installing PC's, and printers, school network cable infrastructure. Our engineers are accredited installation technicians for a variety of multi-media and interactive whiteboard suppliers.
